

What to do if a Person is Symptomatic at School

If a person has one or more of these symptoms:

- Fever (>100.4°F) or chills
- Shortness of breath or difficulty breathing
- Muscle or body aches
- New loss of taste or smell

- Congestion or runny nose
- Nausea, vomiting, or diarrhea
- Cough (new, changed, or worsening)
- Headache
- Fatigue
- Sore throat

They should isolate at home AND get tested for COVID-19

They should isolate at home

Was **only ONE** symptom present?

NO

YES

Did the symptom **resolve within 24 hours**?

NO

YES

Are they a known **close contact**?

NO

YES

They test **POSITIVE** for COVID-19 OR do not get tested

They test **NEGATIVE** for COVID-19 OR receive an alternative named diagnosis from a health care provider plus a negative test

Isolate at home

They can return to school after 10 days have passed since symptoms first appeared if:

1. No fever within the past 24 hours (without medication)
2. Symptoms have significantly improved

AND

2. Symptoms have significantly improved

AND

Identify close contacts
