Key Communicators,

The Lakewood School District is holding a Community Open House on October 22, 2014 from 6:00 to 7:30 p.m. in the Commons at Lakewood High School. The purpose of this open house is to share the latest information with our public on the new high school construction project.

As a Key Communicator I want to personally invite you to attend this very exciting event. It will be a drop-in, informal open house allowing the opportunity for our community members to view the latest plans and chat with district staff and design and planning team members about our new high school and the timeline associated with its construction.

I've attached an invitation for you that contains some additional information. Please plan to attend and encourage your friends and neighbors to join us as well. This is a very exciting time as we lay the groundwork for our new high school and we hope you will be able to attend.

If you are unable to attend the Community Open House and have questions regarding the construction project, please feel free to call me or Laura Brent, Project Manager at 360 652-4500.

Thanks for your continued support!

Mike
